

SOCIAL MEDIA RELEASE FORM

Dear Families,

In my classroom, I value the importance of creating 21st century learners, sharing our learning, and connecting with families. I am constantly striving to be a 21st century teacher. One way I like to achieve these things is through bringing technology and the digital world into our everyday lives.

Our class will regularly link and use Instagram, Facebook, Twitter, and our blog to share our learning. Posts will always be positive and related to a typical classroom day. When you ask your child what they did at school today and they say “nothing”, you will be able to remind them that they conducted a science experiment or earned extra recess time as a reward. You’ll also get updates and pictures on school-wide events!

Attached to this letter, there are boxes to indicate whether or not you give permission for your child’s picture to be used. Please take a minute to complete the attached form and return it back to school ASAP. I CANNOT use your child’s photo without your permission. If you have any questions or concerns, please give me a call or email me at kfretwel@mccsc.edu.
